Innovation and Production

Heritage Products manufactures all of the innovative production in-house. We own the unique extrusion molds and utilize many state of the art machines for the production of our different lines. Because we have all the facilities in our workshop we can easily adjust and perfect existing products. Also, in the development of new products we can test production methods, materials and designs in full scale. With this we can swiftly react to changes in the market, competition rules or personal taste.

These facilities combined with the innovative mindset and dedication to delivering the best possible products helps Heritage Products to keep innovative and market leading in quality, safety and durability.

Heritage Fence

Heritage Fence is a traditional fence made of advanced materials. The fence is made of 100% new PVC and will resist all weather conditions and keep its color and form. With Heritage fence you invest in a durable, safe fence, which is easy to maintain. Furthermore, the fence is also easy to install. In short, if you esteem quality and safety above everything else, Heritage Products offers you the perfect solution.

Artwood Fence light brown

Artwood Fence is a solution for fencing your riding arenas and meadows that is both natural in appeal and practical in use. The product is composed of a PVC post with a shell of wood/resin compound. Because of the unique and innovative production method, the post behave the same as the white posts when it comes to durability, safety and low maintenance whilst still keeping a natural look. The wood-alike look will not fade and is very low in maintenance.

Electra Fence

The Heritage Products electric fence consists of strong and durable vinyl posts holding the wire in place. Insulators, external conductions or brackets are unnecessary so the wire is wear and tear free, securing a straight fence for years. Heritage Products also offers the matching electric wire appliance and accessories. Customers can choose between round and square posts depending on there preferences. Square posts are available in white and black.

Polymer poles, planks and filler

Heritage Products produces the unique jumping poles from a combination of fully colored polymer tube profiles and solid round wooden poles. These materials work together to create the perfect jumping pole. The Heritage Products poles are consistent and constant in weight, are maintenance free and will last much longer than traditional wooden poles. The poles will not splinter and because of the fully colored profiles they will keep their color in normal usage.

Heritage Products is a partner for various large events as a supplier of dressage arenas and temporary fences. We have developed a unique fence system for events that can be built very quickly while still being extremely safe for horses and riders and keeping a nice look. Events like the KWPN Stallion Show, Indoor Brabant, NK Dressage Ermelo, Horse Event and World Cup Young Dressage Horses have been working with Heritage Products because of these benefits. Participating with events like these puts Heritage Products in the middle of the sport on all different levels. This is where we get our feedback and where we are inspired to innovate our products even further.

Interested in using fences or dressage arenas from Heritage Products for your event? contact us for an offer. In the back of this catalog we indicate some prices per weekend.
